

Nurse Associate – Primary Care

We are seeking a motivated and compassionate **Nurse Associate** to join our friendly and progressive team at **Church Lane Surgery**. This is a fantastic opportunity to be part of a multidisciplinary team delivering personalised, high-quality care within the heart of the local community.

We are a rural practice, with over 12,300 patients, working from a modern purpose-built premises.

We are also a training practice with a wide multidisciplinary team including first contact physiotherapists, a PCN pharmacy team, Health & Wellbeing Coach, Social Prescriber, Mental Health Practitioner, and an in-house dispensary.

You will be a team player, willing to learn, and looking for a fresh and rewarding challenge. You will receive ongoing personal development and training opportunities in our high achieving and supportive environment.

The Nurse Associate will support the clinical team in delivering care across a wide range of services within the GP practice/PCN. Under the supervision of registered nurses and GPs, you will play a key role in health promotion, disease prevention, and delivering patient-centred care.

This is a 12-months fixed term position, 29-35 hours per week, with as soon as possible/immediate start date.

Responsibilities: This is not an exhaustive list

- Support chronic disease management clinics e.g. asthma, diabetes, hypertension
- Perform clinical observations, wound care, phlebotomy, ECG's and health checks
- Administer vaccinations and immunisations in line with national guidance
- Support cervical screening
- Promote self-care and healthy lifestyle choices through patient education
- Maintain accurate, timely documentation and contribute to care planning
- Participate in quality improvement and population health initiatives across the PCN
- Work collaboratively with the wider MDT to ensure high standards of care
- Cervical Screening (if trained)

Essential skills:

- Registered with the NMC as a Nurse Associate
- Completion of a Nursing Associate Foundation Degree
- Strong communication, interpersonal and clinical skills
- Ability to work both independently and within a team
- Passion for delivering holistic, person-centred care

Desirable skills:

- Experience in a primary care or community setting
- Training or experience in chronic disease management
- Cervical screening (smear) trained and accredited
- Familiarity with SystmOne

Key benefits:

- A supportive, inclusive team culture
- Opportunities for ongoing training and career development
- NHS pension scheme
- On-site parking
- 6.6 weeks annual leave
- NHS employee benefits/discounts at various stores / brands
- Flexible working options
- Regular supervision, mentorship, and CPD

If you believe you have the requisite skills for this position, please forward a copy of your CV with a covering letter to Emma Gerrard HR Manager. **Please NOTE - You will also need to complete an application form.**
